Navy Planes Set Flight Mark to Honolulu

17 BIG BOMBERS CROSS PACIFIC IN RECORD TIME

Old Time Passed By More Than Two Hours; Storms' Craft Lands First

SUDDEN ORDER SURPRISE

Airmen To Be Stationed At Pearl Harbor As Part Of Patrol

HONOLULU, T. H., Sept. 7.—(UP)—Seventeen navy patrol bombers landed in Honolulu today setting a new mass flight record of approximately 17 hours for the 2,570 mile over-ocean hop from San Diego, Cal.

The first of the planes landed on Pearl Harbor at 10 a. m. (Circleville time), and the others were all down safely within a few minutes.

The elapsed time from San Diego was 17 hours 30 minutes, two and a half hours better than any previous mass flight time for the 2,570 mile trip.

The flag plane of Lt. Commander Aaron P. Storrs, which led the formation across the Pacific, was landed first. The new bombers and their crews of seven men each will be stationed here.

Less than 10 hours after its takeoff at 3:57 p. m. yesterday, the squadron passed the half-way point in its flight to the islands.

Of the five patrol ships stationed at intervals along the line of flight, three, the U. S. S. Simpson, Craven and Wright reported the 17 planes had passed overhead during the night in perfect formation.

Orders Surprising

The squadron had been ordered away suddenly. First plans were to start the flight today, but a report of "fair weather along the entire route" caused officials to cancel earlier arrangements and order the planes into the air yesterday.

Rear Admiral Charles Blakely aboard the aircraft scouting force flagship U. S. S. Wright had issued the order. The 17 ships, without confusion or delay, were fueled and on their way less than five hours after receiving word to start the flight.

It was believed that the order (Continued on Page Two)

Body of Dodge Taken from Bay

LITTLE CURRENT, Ont., Sept. 7.—(UP)—The body of Daniel Dodge, 21 year old heir to the Dodge motor car millions, was found floating in the North channel of Georgian Bay today by Wesley Ryder, a fisherman.

Dodge fell or jumped from a speedboat on Aug. 15 when he was being taken to a hospital. He had been injured in a dynamite explosion at his estate near here.

The body was reported to be in "fairly good" condition and definitely identified.

Ryder, fishing from his tug, noticed the body floating just below the surface. He brought it here in his boat.

Simon Lake, Bridgeport, Conn., inventor, was preparing to have his electrically-controlled submarine towed to the spot where Dodge disappeared. The submarine was shipped here last week to search for the body.

The body was found within a few yards of the place Dodge disappeared.

Hurt During Honeymoon

Dodge was on his honeymoon with his bride two weeks, Loreen MacDonald Dodge, former Gore Bay telephone operator and daughter of a fishing tug captain. He and three employees were injured in the dynamite blast, Dodge seriously. His left arm was mangled and he suffered head wounds. He had been experimenting in the garage of his Summer cottage to see if some old dynamite would explode.

Nineteen cases were on file Wednesday for consideration. Forgery cases led the list, four being on file. Others were assault and battery, two; non support, one; issuing check with insufficient funds, two; operating motor vehicle when intoxicated, one; cutting with intent to wound, one; malicious destruction of property, one; burglary and larceny, three; larceny, three, and one statutory offense.

Three men were bound to the grand jury Tuesday by B. T. Hedges, justice of peace, in chicken theft cases. They were Ralph, 23, and Clarence Goodrich, 29, and Howard Radcliff, 21, all of Columbus. Clarence Goodrich is charged with the theft of 60 chickens from Mrs. Wayne Hoov.

SON OF EXILED RULER MAY WIN SPAIN'S THRONE

LONDON, Sept. 7.—(UP)—Indirect reports filtering out of Spain hinted today at mounting signs of a break in the two-year-old civil war and revived speculation on re-establishment of the monarchy under Prince Juan De Bourbon-Battenberg, son of the exiled King Alfonso.

Authoritative British sources in close touch with Spain disclosed that advances, received via Portugal, reported differences of opinion developing as to leadership in insurgent territory and told of waning hope for an early or decisive triumph by the armies of Generalissimo Francisco Franco.

Confirmation of the advances was impossible, but it was said that the differences in regard to leadership did not necessarily mean that the frequently reported opposition to Franco had become serious.

NEFF RESIGNS POSITION AS DARBYVILLE'S MAYOR

Wendell Neff, Darbyville painter, resigned his \$1.50 a month office as mayor of the village Tuesday night.

He filed his resignation with council. Residents of the village said he resigned because he did not have time to take care of the duties. So far this year no hearings have been held, it was reported.

Mr. Neff has held the position since last January. The new mayor is Fred Prushing, president of council.

A new councilman will be appointed at the next regular meeting the first Monday in October.

VIOLINIST, ONCE FAMOUS, TAKES LIFE WITH GAS

OAKLAND, Cal., Sept. 7.—(UP)—Arno Waechter, 63, once an internationally known violinist, committed suicide because arthritis had numbed the fingers of his left hand, robbing them of their agility, police said today.

Waechter's body was found in a garage behind the National Institute of Music and Art. He had killed himself by inhaling carbon monoxide gas. With the body was this note:

"For 10 years I have been battling with arthritis and have kept it to myself. My left fingers have become numb, and I sorely need them in my violin playing. I am sorry for my sisters, Doris and Ella, also my brother, Roland, all in Los Angeles."

Waechter was for several years concert master of the St. Louis symphony orchestra.

MRS. DENMAN EMPLOYED

Instructor Fills Vacancy Caused By Leave Of Absence

Frank Fischer, superintendent of Circleville schools, Wednesday, announced assignment of teachers for the 1938-39 term, which opens next Monday.

No changes are being made in grade principals. There are several new teachers in the system, including Principal J. Wray Henry, who succeeds Robert H. Terhune, now of Clarksburg, and Coach Roy M. Black, who replaces Jack Landrum, who is now on the Columbus East high school faculty.

The board of education, Tuesday night, granted the request of Miss Elizabeth Tolbert, S. Scioto street, for a year's leave of absence. Miss Tolbert plans to attend Ohio State university.

Miss Tolbert has been teaching the second grade at Corwin street school. Mrs. Ruth Denman, E. Union street, was appointed by the board to fill Miss Tolbert's position during the leave of absence. Mrs. Denman has had a number of years of primary teaching, both in Circleville and Pickaway township. She is an aunt of Miss Tolbert.

Roster Completed

Appointment of Mrs. Denman completed the roster of the Circleville schools for the school year of 1938-39.

On completion of the roster, Superintendent Fischer announced the assignment as follows:

HIGH SCHOOL AND EIGHTH GRADE: J. Wray Henry, principal; Thomas Armstrong, social civics, salesmanship and law and assistant coach; Roy M. Black, coach and boys' physical education; Florence Brown, geography 8 and physical education; Virgil M. CAPITAL THINKS TYDINGS TO WIN OVER F. D.'S MAN

WASHINGTON, Sept. 7.—(UP)—The inside word in the Capital today is that Maryland Democrats probably will renominate Sen. Millard E. Tydings, anti-New Dealer, as President Roosevelt's choice among the "conservative-reactionary" Democrats.

Prospects for the nomination of the New Deal candidate, Rep. David J. Lewis, lie principally on a possible ground swell of reaction to Mr. Roosevelt's Labor Day speech at Denton, Md., in which he endorsed his man, or on last-minute organizational miracles by Postmaster General James A. Farley.

Lewis supporters, however, are moderately confident and there is a tendency among many disinterested observers to forecast a close race.

As France Moved Reserves Toward Nazi Border

FRENCH REGULAR ARMY TROOPS

WHILE the world awaited the outcome of the still critical Czech minority question, France moved an undisclosed number of her 8,000,000 trained reserves toward German frontier fortifications as a "precautionary measure" in connection with a concentration of Nazi troops in the Reich's new defense works. French troops are shown marching into Besancon, France, while a few miles away on the German side of the border 50,000 German troops were engaged in extensive war maneuvers. Inset is General Sisteron, right, with a staff member, directing the troop maneuvers.

P. R. R. BRAKEMAN SAVES GIRL FROM DEATH ON RAILS

MARTINS FERRY, Sept. 7.—(UP)—Ruth Magg, 20 months old, had only bruises today to show for her split-second rescue from death by a railroad brakeman.

Ruth was playing on the Pennsylvania railroad tracks when a double-header coal train approached. F. A. McKinney of Warwood, W. Va., the brakeman, was sitting in the cab of the first engine.

McKinney saw the child. As the engine applied the brakes, he crawled along the catwalk of the engine and climbed down on the engine's pilot.

The baby's mother, Mrs. Henry Magg, and her two brothers saw McKinney lean from the pilot, grab the child, and toss her to safety in a ditch.

Ruth was treated in a hospital for minor injuries.

M. E. MINISTERS AT CONFERENCE IN CAPITAL CITY

The Rev. Herman A. Sayre, of Circleville, and all other Pickaway county Methodist pastors, Wednesday, were in Columbus attending the 1938 Ohio conference.

One of the principal items of business is selection of delegates to the 1939 conference at which the three branches of Methodism are to be consolidated.

Six ministerial and six lay delegates to the conference with the Methodist Episcopal church South and the Methodist Protestant church will be chosen.

Rev. E. M. Ellsworth, of Zanesville, was to speak at the opening session of the conference today. A business session and a banquet were scheduled later.

Tonight has been designated "rural church night" by the conference. Walter F. Kirk, master of the Ohio State grange, will preside and Dr. Robert M. Atkins, Flint, Mich., will speak.

Pastors will be assigned later in the conference.

HAINES CATCHES HUGE BASS IN DARBY CREEK

Ralph Haines, 209 W. Main street, believes he landed the "granddaddy" of all Darby creek smallmouth bass Tuesday evening when fishing near Dewey park.

Haines caught one that tipped the scales slightly over four pounds and a half after it was taken. The fish was 20 inches long. It was caught on an artificial plug.

Bishop Given, S. Court street, took one from Darby Tuesday evening measuring 16 inches.

Final Czech Concessions Handed to Sudeten Chief

PRAGUE, CZECHOSLOVAKIA, Sept. 7.—(UP)—Premier Milan Hodza today handed the government's "last word" minority plan to Ernst Kuntz, Sudeten German party leader. An explanatory note accompanied the plan.

It was said authoritatively that the plan was designed to make the Sudeten party's own demands an acceptable basis for negotiations.

It was asserted that the government offer accepted all of the demands either wholly or in part, and was regarded as being the maximum possible without endangering the country's territorial integrity.

But Sudeten German leaders asserted that the government must accept their demands in full.

Usually reliable informants said that the new government plans accepted demands number 1, 5, 6, and 7 of the so called "Carlsbad" demands of the Sudeten Germans.

These are: (1) full equality of Germans with Czechs; (5) specific guarantees for those Germans who live outside the Sudeten German area in Czechoslovakia; (6) removal of all "injustices" suffered by Sudeten Germans and reparations for them; (7) Germans to be employed in state posts in German areas.

JUDGE ASSISTED BY MOB, CLAIMS STATE WITNESS

NEW YORK, Sept. 7.—(UP)—The man who managed William C. Dodge's successful campaign for district attorney in 1933, testified today in the James J. Hines trial that he obtained \$11,000 of campaign funds through Hines.

The witness, Henry Sobel, said that some of the money was handed to him in a sealed envelope by a man whom he could not identify.

Members of the Dutch Schultz lottery gang, which Hines is accused of protecting, had testified previously that Schultz and Hines were anxious to elect Dodge because he was a man Hines could "handle."

THEFT SUSPECTS HELD

The Pickaway county sheriff's department was notified Wednesday that Sheriff Joe Farbeann, Hocking county, is holding two men who had 49 chickens, believed stolen in their possession. An effort is being made to locate from where the fowls were taken. Twenty-seven are Rhode Island Reds, 12 are white rocks, and the remainder barred rocks.

WASHINGTON IS SILENT

Division Of Aid Officials Ordered To Stay Away From Hearing

WASHINGTON, Sept. 7.—(UP)—Reviving the controversy over the Ohio Democratic primary, Gov. Martin L. Davey today accused social Security Board Chairman Arthur J. Altmeyer of "dirty politics" and the Works Progress Administration of working "against us" in last month's polling.

Denying charges made by the board of maladministration in the old age pension set-up, Davey "dared" Altmeyer to stop assistance to the aged in Ohio. In a letter to Altmeyer, he accused the board of "political manipulation and violation of civil service."

The letter was made public after Ohio officials had failed to appear at a hearing on the board's charges. Altmeyer contended that their refusal to do so represented an admission of the truth of the charges. However, he said that officials would be given several days to answer while the board considered the case.

No Basis for Answer

Davey, who was defeated in his bid for renomination, wrote Altmeyer that the board's charges were "so non-specific, that there is no basis on which answers can be made."

"Ohio is still a sovereign state," he wrote. "On my orders, the officials of the Ohio Division of Aid for the Aged will not attend this hearing. Your procedure reminds me of a certain prosecuting attorney, who said to the jury: 'Let's give this man a fair trial and hang him.'"

"You charge political activity in connection with the Ohio division. For what purpose? You waited until three days before the Ohio primary, and gave out an unprovoked political blast, intended to scare 110,000 helpless people in Ohio into voting against myself, on the threat of taking away from them half of their old age pensions."

"Frankly, I do not believe you dare deprive these aged citizens of the one half of their scant living to support your political maneuver."

Letter Admitted

Regarding the letter Davey wrote to old age pensioners in Ohio and which precipitated the current investigation by the social security board, Davey said:

"I wrote the old age pensioners a letter asking for their support on the basis of many things I have tried to do for them. . . . all the printing and postage was paid by the Davey for Governor committee. Everything was done outside the state offices."

"Was this a crime? My opponent also wrote a letter to all the old age pensioners soliciting their support. Such activity can not be moral in one case and immoral in another."

Altmeyer had no comment to make immediately on Davey's letter which was distributed here by (Continued on Page Two)

a member of the Ohio governor's secretariat. Other charges which the board took under advisement, and which Davey denied categorically, were that:

1. A large part of the Ohio staff of the old age pension set-up was employed in violation of state civil service laws and S. S. S. regulations.

2. Blanket increases have been made without consideration of recipients needs.

3. There is "unnecessary confusion and duplication," general inefficiency and absence of a policy.

Regarding the W. P. A., Davey said:

"What would you say about the open and flagrant use of W. P. A. for political purposes? This has taken place in many states. In the last Ohio primary the whole W. P. A. machinery was against us without blushing.

"I do not complain of the result, because that is part of the luck of politics. But I do complain when we are charged with minor offenses, while these great federal agencies are used with reckless concern to make and unmake them in current public life."

N. L. R. B. Scored, Too

He also attacked the National Labor Relations board with the assertion that Altmeyer's "operations in this case remind me of the unfair practices of the National Labor Relations board, whose victims are convicted before any hearing is held, and who practice rank discrimination in all its ugly forms."

FEEDS, FENTONS TANGLE AGAIN WEDNESDAY EVE

Eshelman Feeds and Fenton cleaners will be back at each other this evening on the electric company field in an effort to decide the second half title of the softball league. The teams tied 2-2 when darkness ended their fray Tuesday evening. The scrap, which did not get under way until 6:30, was halted after four innings of play.

The Fentons need a victory to tie the Blue Ribbon dairy for the half title.

An effort will be made to start tonight's game as near 6 o'clock as possible.

Both teams did all their scoring in the first inning, Tuesday. Hegele and Leasure were the opposing pitchers.

was given for the primary purpose of testing the effectiveness of the aircraft force to reach its distant bases in the Pacific on short notice.

Naval officials, as in previous long distance flights to Hawaii and Panama, said the hop was "merely a simple and economical manner of transporting new equipment to distant bases."

Seven on Each Plane

The 17 planes compose squadron four and are of the consolidated PBV-type, twin-motored and carry full crews of seven. On delivery in Hawaii they will be stationed at the fleet air base in Pearl Harbor as part of patrol wing two.

One more flight to Hawaii has been tentatively planned by the navy for this year, possibly in November. Details of the number of planes or exact time of departure has not been officially released.

BODY OF DODGE TAKEN FROM BAY

(Continued from Page One)

The blast wrecked the garage.

Mrs. Dodge, aided by employees, placed her husband in his speedboat and set out for Little Current across the North channel.

What caused Dodge to plunge into the lake never was entirely cleared up. A doctor theorized that he might have been maddened by pain and acted in a fit of momentary derangement. His wife said that he might have noticed that she was having difficulty piloting the boat, rose to go to her assistance and accidentally fell into the water.

The boat circled the spot where he disappeared for some time, but failed to find the body.

The body was turned over to Alfred G. Wilson, Rochester, Mich., father-in-law of Dodge who has been directing the search since he arrived here Aug. 17.

With Ryder in his boat was Arthur Bateman, Little Current carpenter.

POLICE HUNTING WRECKED PLANE IN NEW ENGLAND

NEWTON, Conn., Sept. 7.—(UP)—Residents of the Lake Zoar Summer colony reported to state police today that an airplane crashed in flames in the densely wooded Riverside district.

State policemen from the Ridgefield and Beacon Falls barracks were mobilized into searching parties and a private plane took off from Danbury airport to survey the area.

Lieut. Leo Carroll of Ridgefield barracks said he was told by several residents that the plane flying at a high altitude, plunged into the woods and appeared to be on fire.

Carroll said 25 members of the state police "rookie" school were sent immediately to begin the search and emergency calls brought other troopers.

The officer said it would take several hours to determine whether the plane actually crashed.

SCHOOL PUPILS TO GET BID TO INDIANA GAME

Circleville high school students will soon receive their invitations to attend the Ohio State university's annual High School Day on Saturday, Oct. 1, when Indiana will be furnishing the football competition for the Bucks in Ohio Stadium.

With High School Day crowds growing every year—now past the 35,000 mark for students alone—Ohio State this year will have two such days this Fall. Schools located in cities with names beginning with letters from A to L will receive their invitations this week to attend the Indiana game on Oct. 1. The remainder—M to Z cities—will soon receive similar invitations for the Chicago game on Oct. 22.

No exceptions will be made to these groupings, athletic officials emphasize. An alphabetical, rather than geographical, division has been made at the suggestion of the State Highway Patrol, to equalize traffic on the two days and thereby increase the safety of the student parties.

On their respective High School Days the students will face full programs, intended not only to provide entertainment, but also to help in making college plans, for Ohio State or other schools.

Students will meet on the oval at 10:30 a. m. They will then divide into groups according to their interests and will be conducted to the various colleges and departments. Laboratories will be open so the visitors may see the work of experimentation and research.

GIANTS TO VIE WITH EASTERN ALL-STAR CREW

NEW YORK, Sept. 7.—(UP)—The New York football Giants tackle and eastern college all-stars in a charity game at the Polo grounds tonight.

While these pro-all star clashes have multiplied like guinea pigs in the last two years, there is more than usual interest in tonight's tilt because of two straight defeats suffered by the National league champion Washington Redskins at the hands of the collegians in the last eight days. The Giants were runners-up to the Redskins in the eastern division of the league last year, and outcome of this game might furnish a basis of comparison between them in this year's race.

The Giants, with virtually the same lineup as last year, are even money to make it three straight over the all stars in the New York Herald Tribune's third annual game for the benefit of underprivileged children.

Odds on the professional club probably would be longer except for the way the Redskins have been manhandled by the rah rah boys, and the fact that Colgate's Andy Kerr has the finest all-star aggregation he ever has coached. He has a first string forward wall averaging 6 feet in height and 202 1/2 pounds per man. His backfield averages 5 ft. 11 in. in height and 183 1/2 pounds in weight.

CORN LOANS OF 57 CENTS PER BUSHEL CERTAIN

A. A. Chief Says Action This Fall Necessary Under New Act

UP TO NOV. 1 ESTIMATE

Tolley Explains Wallace's Refusal To Authorize Market Referendum

WASHINGTON, Sept. 7—(UP)—Corn loans this fall at approximately 57 cents a bushel are "virtually assured," Agricultural Adjustment Administrator H. R. Tolley said today.

The new farm act made loans mandatory if the 1938 crop exceeded normal domestic consumption and exports totaling approximately 2,470,000 bushels. The minimum loan rate would be 75 percent of parity.

The August estimate of the crop reporting board placed 1938 production of corn at 2,566,000,000 bushels—94,000,000 bushels in excess of the figure at which loans would be mandatory.

Estimated Necessary
A determination on loans will be based on the Nov. 1 crop board estimate, Tolley said. If that estimate exceeds 2,470,000 bushels loans will be mandatory.

Tolley, at the same time, issued a statement explaining Secretary of Agriculture Henry A. Wallace's refusal to authorize a corn marketing quota referendum and the estimates on which his action was based.

When the farm act was passed last Spring the Agriculture department estimated a total corn supply of 2,773,000,000 bushels this year would make a referendum on the imposition of marketing quotas mandatory.

Late in July the department raised the figure to 2,880,000,000 bushels. A few hours after the August 10 estimate indicated a supply of 2,886,000,000 bushels, sufficient to make a referendum mandatory, the "quota level" was raised to 2,907,000,000 bushels.

The earlier estimates, he said, never were intended to constitute an official estimate of the marketing quota level, and could not legally have been used in the final instance because the figure must include late adjustments for current trends in both domestic consumption and exports.

THEATRES

AT THE CLIFTONA

"Sure I'm lucky," Bobby Jordan said. "I'm about the luckiest kid alive. I'm going places... and they're not the reform schools, either." One of the original "Dead End" kids on the stage and in the screen version of the film, the long-haired, angelic-faced and exceedingly tough young featured player in Jack Holt's current Columbia picture, "Reformatory," now at the Cliftona Theatre, knows where of he speaks. He was also starred in "Crime School."

"The slums in a big city are tough on kids. There's no place to play, and a kid without any place to play is bound to get into trouble. He joins a gang, and gangs are dangerous things to get into. A guy's bound to run up against the law some time."

"Maybe he gets left off the first time, and the second. But if he wants to remain in the gang to make his own life easy, he'll run up against the law a third time or a fourth. It doesn't matter when—some day he's going to get sent up."

AT THE GRAND

Statisticians estimate that all classes of Americans begin talking about film stars fifteen minutes after the start of any conversation. So the time seems ripe to give them the right way to say, "Danielle Darrieux," the name of the French star who makes her American film debut in Universal's "The Rage of Paris," coming Wednesday and Thursday to the Grand Theatre.

The first name gives little trouble in most cases, though some call it "Danielle," the simplest way to say it is in two sections. . . "Dan-yell." The second name has been called everything from "Dairy" to "Darius." The simplest pronunciation is again in two sections. . . "Dar-yuh!" . . . with the stress on the "yuh!" One says the "yuh" as in the native Americanism, "where d'yuh t'ink you're going?"

Universal officials are certain that "The Rage of Paris" will make Danielle's name as popular in the United States as it is in France, where the twenty-one year old beauty is reckoned the tops.

AT THE CIRCLE

Often heard but never seen! That was the fate of three radio favorites up to now. But Mary Livingston, and Fibber McGee and Molly are all making their screen debut tonight at the Circle Theatre, when "This Way Please" opens. Both radio and screen already know Charles "Buddy" Rogers and Betty Grable, who play the romantic leads in the picture. The picture concerns the love of a band leader and a theatre ushette, and the action all takes place in a huge movie house, climaxed with a stage wedding, replete with music and girls. The whole thing is put together with a carload of humor, music and beauty, and played by a brilliant cast, including, beside the players named above, Ned Sparks, Lee Bowman, Porter Hall, Romo Vincent, Wally Vernon, Jerry Bergen and Rufe Davis.

Bible Class Told Of Interesting Trip Abroad

Mary Wilder on Program for Meeting

Miss Mary Wilder, of the Circleville Public Library, was guest speaker, Tuesday evening, at the first special session of the Westminster Bible class for the Fall season. The meeting was held at the home of Mrs. G. I. Nickerson, S. Court street, with the Misses Bernadine Lutz, Mary Heffner and Florence Dunton assisting.

In the absence of Mrs. James Adams, president, Mrs. Charles Smith, vice president, conducted the meeting, which was opened with prayer. About 27 members answered roll call. Three guests, Mrs. Frederick Schaeffer, Miss Ruth Vannatta and Miss Wilder, were present.

The members of the October committee will include Mrs. Beryl Stevenson, Mrs. Bruce Stevenson, Mrs. Earl Wolf and Mrs. Walter Downing. Mrs. C. K. Hunsicker, who has been acting as substitute teacher of the class, was elected as the regular instructor. Plans were discussed for book reviews which will be given by Mrs. Depew Head during the winter under the sponsorship of the class, all lectures being given in the afternoon instead of during the evening. The first review scheduled will be Wednesday, October 5, at 3 p. m.

At the close of the business hour, Mrs. Nickerson introduced Miss Wilder who told an interesting story of her summer trip to England. In her talk, Miss Wilder told in detail of the many interesting things she observed on board the ship, which was of the Baltimore Mail Line, of her companions and of their short stay at Le Havre, France, where the ship touched before going to England. She received a vivid impression of the strength of the French customs, finding the people untouched by the many visitors from abroad in this seaport community.

Miss Wilder gave an informal talk of her many trips through places of importance in London and many smaller towns and villages which she visited during her six weeks' stay. She told of visiting the home of her ancestor of the Wilder branch of the family and finding many things as they were in the 15th century.

The most interesting parts of her talk were the little intimate details of every day life and the differences in customs which she noted during her visit.

Miss Wilder had many pictures and books which she showed in connection with her talk adding much pleasure to evening. She was enthusiastic in speaking of the fruits and flowers, and told of the beauties of the gardens, both public and private. She visited many of the palaces and noted buildings not only in London but in other parts of England.

BIG PARADE TO GREET ARRIVAL OF FIRST GAME

Boosters Hope To Create Much Interest In High Grid Season

Football boosters' parade to create enthusiasm for the opening of the season at Circleville high school will be held next Wednesday at 7:30 p. m.

The event promises to be the greatest football celebration ever held in Circleville.

Details of the celebration were worked out at a meeting of the Football Boosters' committee, comprised of representatives of various organizations, held Tuesday night in the Gas Co. office. The parade will form at the high school and march through the downtown district. Music will be furnished by the high school bands, the Little German band and the American Legion drum corps.

Merchants are asked to cooperate by placing their service trucks or cars in the parade. There will be novelty exhibits by various groups. Civic organizations and high school children are asked to participate. Arrangements have been worked out for flares and noisemakers.

Sound systems will be used to play football songs. One system will be placed at the corner of Court and Main streets to announce activities.

Practice Arranged

Following the parade Coach Black has arranged for a football practice so Circleville residents may see the 1938 squad. High school pupils will have a bonfire near the athletic field.

The first game of the season

Redlegs Face Pittsburgh In Two Important Games

NEW YORK, Sept. 7.—(UP)—Cincinnati's dream of becoming the first club in major league history to win the pennant after finishing in the cellar the year before, will receive the acid test in a two-game series opening today against the league-leading Pittsburgh Pirates.

In games today and tomorrow at Cincinnati the Reds will have a chance to prove that they are not clutching at a phantom pennant. Only 4 games off the pace, the Reds can slash the Pirates' lead to 2 1/2 games by sweeping the series. And if that should happen most baseball soothsayers agree that the second-place Reds, and not the first-place Pirates, will be the club to beat in the dizzy National league race.

By the same token Pittsburgh can shout down its critics who say that the Pirates haven't the heart to stand off a real challenge in a hammer-and-tongs stretch battle. The Pirates have been floundering for weeks but the proof of the pudding is that they still hold the fort.

Curt Davis Strong

The Reds' drive to catch the Pirates received a jolt yesterday when the St. Louis Cardinals put the screws on the Rhinelanders, 8-0. Curt Davis turned in a five-hit masterpiece while his mates slugged out 17 hits off three Red pitchers. Every Card made a hit, with Don Padgett and Curt Davis getting three each.

The Pirates were idle.

With one of their finishes reminiscent of happier days, the New York Giants prevented the Boston Bees from closing in on fourth place by scoring a 6-5 victory in 10 innings. Homers by Alex Kampouris and JoJo Moore tied the count and sent the game into extra innings. After the Bees had scored twice in their half of the 10th the Giants won the game with a four-run rally in the last half. A walk, Danning's single and Mel Ott's 33rd homer tied the score. With the bases loaded Kampouris' single won the game. Cleveland moved into a tie for second place in the American

league with the Boston Red Sox by blanking Detroit, 6-0. Bob Feller allowed only four hits and pitched his first shutout since April 20 when he blanked the Browns in his first start of the season. Feller also made two of the Indians' 10 hits and drove in two runs. It was No. 14 for Feller.

I read the other day where the work on these government jobs is not carried on as efficiently as private enterprises. I believe the men'd work just as hard and diligently on a government job as any other if they had the right kind of a foreman.

My uncle was foreman of one of them government jobs once and when the superintendent complained that he had heard about some of the men coming in after the whistle was blown, my uncle says, "Oh, I'll fix that all right."

Two weeks later, when the superintendent sent for my uncle and asked him if he had managed to get all the men on the job before the whistles blew, my uncle says, "Yes, I fixed that up fine." He says, "The last man in blows the whistle now!"

7,000 Store Workers Go Out on Strike in 'Frisco

SAN FRANCISCO, Sept. 7—(UP)—Seven thousand union employees of the 35 largest department stores in San Francisco called a strike today to become effective at 10 a. m. (Circleville time).

Strike action was decided on last night at a mass meeting of the retail clerks union of the American Federation of Labor in Exposition auditorium. A committee which had been appointed to make one last attempt to settle the dispute over preferential employment reported that its efforts had been unsuccessful.

Department store managers said they would resist the strike. Their doors will be open for business as usual today, they said.

Jack Shelley, president of the San Francisco central labor council and a member of a council committee of five given authority to call the strike, said the union had offered to arbitrate with department store heads their only essential difference, that of giving preference to employees at work Jan. 1, 1938, in re-employment. The offer was rejected.

Employers issued this statement: "We have made it clear to the union from the beginning of our negotiations weeks ago that the employers would not surrender to the union or to anyone else the matter of hiring or the determination of merit and ability in applying the principle of seniority..."

Negotiating had been under way since mid-Summer. The contract expired at midnight Sept. 1.

Nevada Selects McCarran Again

RENO, Nev., Sept. 7—(UP)—Sen. Pat McCarran, opponent of President Roosevelt's governmental and Supreme Court reorganization proposals, was re-nominated today on the basis of returns from yesterday's Democratic primary.

With less than 75 of the state's 262 precincts missing McCarran had a lead of more than three to one over Albert Hilliard, who campaigned on a platform of 100 percent support for the President. Dr. John E. Worden, third Democratic candidate who also said he would be a solid supporter of the New Deal, was out of the race almost from the start.

Returns from 201 precincts gave: McCarran 11,831. Hilliard 3,448.

McCarran led in all the state's 17 counties. The trend of voting was much as had been predicted. Betting commissioners had offered even money that Hilliard would not carry more than two counties and that McCarran's total would exceed Hilliard's by four to one.

Former Sen. Tasker L. Oddie was unopposed for the Republican senatorial nomination. Rep. J. G. Scroggins had no opposition for re-nomination on the Democratic ticket and Harry Stewart was unopposed for the congressional nomination on the Republican ballot.

The most bitterly contested race was that in which three candidates sought the Democratic nomination for governor. Harley A. Harmon and E. P. Carville were separated by only a few votes after almost half of the precincts had reported, indicating that the outcome probably would be determined only after the entire vote had been tabulated. The third Democratic gubernatorial candidate, Charles L. Richards, was far behind.

John M. Fulton led Sam Durkee for the nomination for governor. The vote was close, however, in first returns.

It was reported that McCarran had received support from Republicans who registered as Democrats in the hope of preventing the Democrats from nominating a strict adherent of the New Deal. A light Republican vote seemed to be proof that many Republicans had voted a Democratic ticket.

McCarran refused to accept the New Deal as an issue. He contended that he had voted with Mr. Roosevelt on most of the President's legislative proposals. Mr.
